

April 26th, 2022

Dear Parents,

On Monday, May 16th, Teacher's Pet will be coming to our school for an in-school field trip on Boats and Buoyancy. 2B will be starting at 9:00AM and going to 11:00AM and 2C will be starting at 1:00PM and going to 3:00PM. Students have the opportunity to participate in buoyancy stations to learn about what a pirate needs to know to sail a ship. As well as experimenting, students will have the opportunity to build their own boats in a safe, structured environment, using sandpaper, saws and hammers. The paddle boats (as well as their new found knowledge) are the students' to keep after this wet and wild field trip!

In order for your child to receive the benefit of this field trip, we will require **4 volunteers per class** to help during the activities. Please plan to arrive 15 minutes before the scheduled field trip time (8:45 for 2B and 12:45 for 2C) in order to receive instructions from the facilitator. If you can help, please let me know below, thank you! (Please note that it is Teacher's Pet policy that younger siblings are not to come with parent volunteers.) You will need to ensure you are healthy on the field trip day and there are no vaccination or masking requirements for you to be able to volunteer.

The cost for this field trip is \$15.80. You are able to pay on the Parent Portal on Powerschool. If you have any questions or concerns about the field trip, please contact your child's teacher.

If you wish to volunteer, please fill out the section below.

Sincerely,

Grade 2 Teachers

jolayne.jones@psd.ca

amanda.butler@psd.ca

I would love to volunteer for the boats and buoyancy in school field trip. I will arrive 15 minutes prior to start time and I understand if too many parents volunteer, names will be randomly chosen.
